

include/beecrypt/rsapk.h

```
graph BT; A[include/beecrypt/rsapk.h] --> B[include/beecrypt/rsakp.h]; B --> C[include/beecrypt/rsa.h];
```

The diagram illustrates a vertical sequence of three rectangular boxes, each containing a file path. The top box is shaded gray and contains the text 'include/beecrypt/rsapk.h'. The middle box is white and contains 'include/beecrypt/rsakp.h'. The bottom box is white and contains 'include/beecrypt/rsa.h'. A blue arrow points upwards from the middle box to the top box, and another blue arrow points upwards from the bottom box to the middle box, indicating a dependency chain where the top file depends on the middle file, which in turn depends on the bottom file.
